

Transitional and Supported Housing Alternatives

Elizabeth House is a 24-bed facility that is also warm, inviting home and essential program for women who are taking steps from being homeless to living independently.

The residents are provided with a calm, quiet environment and given assistance as they pursue their goals and support in their integration back into the community. Weekly on-site counseling is available.

Through our 24 hour staffing model we provide support and referrals to community resources that help residents to gain the necessary skills to move back into the community. Residents are expected to eventually move to their own individual apartments with the support of other E4C programs like Women Moving Forward, Crossroads and the Case Management Team.

Services provided include:

- Meals
- Emergency clothing
- Telephone access
- Administering medication
- Laundry facilities
- Crisis intervention
- Service planning

Elizabeth House staff works in partnership with WEAC to offer women a stable environment so they can work on returning to their community. The Women Moving Forward Program is also on-site program that provides support for residents

Elizabeth House is a part of the
