

Northeast Community Program

Supporting at-risk children and youth

What is the Northeast Community Program?

The Northeast Community Program is an after-school program working with children to help them gain skills, make friends and have fun.

Formerly known as the Northeast Teen Drop-in Centre, the program has been running youth-based programming since 1991. We reach at-risk children and youth providing them with social supports and preventative programming.

We help children and youth build healthy friendships, learn to make goals, learn to speak up, have fun with friends and work as a team.
